

## **MOTION – Ald. Bauman**

### **CC FILE #080313**

(Item #1 on Steering and Rules Committee agenda)

Substitute resolution urging Milwaukee County to withdraw from the Southeastern Wisconsin Regional Planning Commission.

I move for adoption of the Proposed Substitute in lieu of Substitute 1 for File 080313.

The Proposed Substitute differs from Substitute 1 in that it:

1. Directs the Intergovernmental Relations Division to lobby for state legislation changing the composition of a regional planning commission containing a city of the first class such that membership is proportional to county populations.
2. Urges Milwaukee County to withdraw from membership and participation in SEWRPC only if the state legislature does not pass legislation changing SEWRPC's structure such that membership is proportional to population.
3. Directs the City Clerk to also send copies of this resolution to Milwaukee's representatives in the state legislature and to the Federal Highway Administration.
