

On Saturday, June 24, A tree branch fell on my car while it was parked in front of 1671 North Prospect Avenue. The incident occurred at 3:52 pm according to the security cameras from Landmark on the Lake across the street. The car sustained a couple large dents in both the front and back of the vehicle.

The incident occurred at 3:52 PM according to the security cameras of the 'Landmark on the Lake' apartment building located at 1660 N Prospect Avenue. The police officer named Duncan stayed on scene for 1-2 hours until city employees came and removed the tree. I was then provided with the information necessary to file this claim.

Attached are the estimates made by Pinky's Capital Auto Body and Heiser's Collision Center. Both shops recorded a total loss in their estimates. Notice the customer names are different on the estimates because the title has been transferred from my mother to me. I am a delivery driver, so my vehicle is essential for me to have an income necessary to pay my bills.

Considering the damage will likely shorten the life of the vehicle, I am seeking the full relief of \$10,000 for the damage done. I will also note I see numerous trees on Prospect Ave of which have branches hanging over parked cars. It might be something the city wants to look into to prevent future incidents like this.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR2JP13, CCC Data Date 06/16/2023, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.
