Project/Program Title: JAG Milwaukee PD Youth Interview Area Grant

Grantor Agency: Wisconsin Department of Justice

Grant Application Date: November 2024

Anticipated Award Date: December 2024

1. Description of Grant Project/Program (Include Target Locations and Populations):

The grant will fund the conversion of two existing interview rooms in the Police Administration Building (PAB) into “non-secure” spaces as defined by the Juvenile Justice and Delinquency Prevention Act. This will support Milwaukee Police Department compliance with federal and state laws regarding the secure detention of juveniles during investigations of major crimes. To complete this conversion, MPD will install two Axon interview room camera systems and a remote panic alarm system.

2. Relationship to City-Wide Strategic Goals and Departmental Objectives:

Once conversion of the interview rooms is completed, the new juvenile-only spaces will support MPD compliance with the Juvenile Justice and Delinquency Prevention Act (JJDP) and will bring MPD into alignment with best practices for detaining and interviewing youth.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

The total grant award of \$47,197.24 with a grantor funded amount of \$47,197.24 (100%) and a local match of \$0 will fully fund the conversion of two interview room spaces within the PAB into “non-secure” spaces as defined by the JJDP. This conversion will provide MPD staff with greater flexibility as they conduct major crime interviews with juveniles. They will be able to extend interviews of juveniles detained as suspects in major crimes investigations past six hours when necessary, a practice which is not legally permissible in the current secure spaces. Detectives conducting the interviews will be able to quickly and efficiently alert additional officers or the on-site nurse if an emergency situation arises that requires an immediate response. Once the conversion is completed, the interview rooms will be utilized specifically for juveniles in alignment with legal requirements and best practices for detaining youth.

4. Results Measurement/Progress Report (Applies only to Programs):
