To Whom This May Concern RE: C.B. File No 05-S-91
2005 DEC -7 PM 1:08

RONNY Name: ARDT Tanika Williams and Bin
Writing this letter because I wish to
appeal a Decision that was made November
14, 2005 Regarding my vehicle a 1995 Ford
Windstar Mini Van that was towed on
March 11, 2005 at 11:30pm this is a long
Process for me and I feel that justice
was not served in this matter give or
take what all I've been through regarding
my vehicle tow & Release. This letter is
about missing items after the pick up of
my vehicle which was March 16, 2005 is
when my car was released to me and
I notice my Radio Fax Plate was missing
I had a \$100 bill in my ash tray, there
were 4 New CD's that I had bought which
were \$12 each plus tax also some (B&E) lighters
Now I know this isn't much but it was
my stuff that was in my vehicle which
wasn't suppose to be towed in the matter
that it was. Now this vehicle was locked
but after the Release of this car and I
went to inspect it the doors were open
so after the safekeeping of the vehicle why
werent the doors locked back also I
had an alarm on the vehicle so it had
to been disconnect, and also how did the
Police get in my vehicle. All I know
is someone violated my belonging and
Stole from me all I ask is for justice
over
