## Objective

As a youth of Milwaukee, I feel as though we go unheard and I want to change that. Rather than seeing my generation killing each other and names being seen in a negative way-- I want to see each of us succeed in life. I may not be able to do everything; however, I am able to do something! When it comes down to it, I can do work and deliver exceptional results for the Youth of Milwaukee, Wisconsin. Making a difference in society is something I'm look forward to doing and this will give me the exposure as well as the tools to train me as a future leader. My overall goal is to be the face and the voice for the youth of MKE, and shine a light on us in a positive way.
