FROM: Susan F. Mikulay, City of Milwaukee Resident

RE: 200429 Resolution relating to a Certificate of Appropriateness for placing a mural on the south wall of 229 E. Wisconsin Avenue

---

Please accept this memorandum as formal support for the above referenced resolution.

I support Ms. Keating-Kahn's diligence in spearheading this project and her decades-long commitment to the arts throughout the Milwaukee area.

Having an internationally respected and renowned artist create a mural of this significance for our city is incredibly important for Milwaukee's continued growth and prosperity.

Furthermore, I believe this project serves to bring hope and inspiration at a time when we find our city and our nation struggling for both.

Thank you for your attention to this important project.
