4. Results Measurement/Progress Report (Applies only to Programs):

The Milwaukee Police Department has partnered with the public-private, non-profit organization Near West Side Partners, Inc.'s (NWSP) "Promoting Assets and Reducing Crime" (PARC) initiative. The PARC initiative is designed to support NWSP's mission to revitalize and sustain the Near West Side of Milwaukee as a thriving business and residential corridor. This initiative has a two-prong approach that will focus on the following: 1) Promoting assets to transform the perception of the neighborhood, and 2) Reducing crime to address the reality of the neighborhood's challenges.

The Milwaukee Police Department's main role in this initiative will be to, in partnership with the community, engage in specialized crime strategies including prevention and enforcement activities to reduce crime, fear and disorder in the target area. The Milwaukee Police Department will also continually strive to create and maintain opportunities for resident and community partner engagement and participate in community meetings as needed.

The ability to have police officers work this initiative in an overtime capacity will ensure that there is a dedicated and uninterrupted focus on these types of activities, including enhanced overall collaboration with residents and identified community partners.

Department personnel will conduct continuing crime and impact analysis of the target area for proper deployment and redeployment of police resources, if so needed.
