

Department of Public Works

Ghassan Korban  
Commissioner of Public Works

Preston D. Cole  
Director of Operations

February 22, 2016

The Honorable,  
Members of the Finance and Personnel Committee

Re: Amendment to the 2016 Positions Ordinance (CCFN 151627)

Honorable Members,

In the interest of furthering the efforts of the MKEPlays program, the Department of Public Works will house a Milwaukee Plays Program Coordinator position on a .5 FTE basis. This individual would be responsible for bringing the stakeholders involved with each MKEPlays recreational space together to determine the strengths, weaknesses, assets, and threats (SWAT) surrounding each. In addition, he or she would also be responsible for developing the tools for the involvement of community members in the process, training and working with local partners, the collection and analysis of data, overseeing that communication between partners is efficient and direct, and long-term program evaluation.

It should also be mentioned that this position is to be 100% grant funded and creating this position within the Department of Public Works will enable the Department to save the cost of recruitment through a temporary agency.

The 2016 Positions Ordinance would need to be amended as follows:

<u>Position Title</u>	<u>Pay Range</u>	<u>Add</u>
Milwaukee Plays Program Coordinator	2DN	1 (.5 FTE)

Very truly yours,

Ghassan Korban, P.E.  
Commissioner of Public Works
