a-3. For each minute of waiting time, \$0.25. In this subdivision "waiting time" includes the time when the meter fare taxicab is not in motion beginning 5 minutes after the specified time designated by the passenger as the time of arrival at the place to which the meter fare taxicab has been called or the time consumed while standing at the direction of the passenger, but no charge shall be made for the time lost for inefficiency of the meter fare taxicab or its operator or time consumed by premature response to a call.

b. Rates are to be determined by the taximeter after the customer is seated in the cab. The owner, operator, driver or person in control of the meter fare taxicab shall use the shortest practical route.

c. All fares computed from General Mitchell International Airport shall include any fees imposed by Milwaukee county for use of airport facilities and grounds. The minimum fare from the airport terminal to any part of this city shall be \$6.

4. ZONE FARE TAXICAB RATES.

a. Application. All persons applying for a zone fare taxicab permit shall provide the licensing committee with the information required by this chapter and the following:

a-1. A map, suitable for reproduction by the committee, which shows the area the applicant proposes to serve and the system of zones the applicant proposes to use in calculating fares.

a-2. A fare table showing the fares the applicant proposes to operate the service.

a-3. A written statement as to how the applicant proposes to operate the service, including a statement as to whether the applicant proposes to offer ride sharing and how the service is to be dispatched.

b. Adoption of Zone Map and Rates of Fare. If the common council determines that a zone fare taxicab permit is to be granted to the applicant, the common council shall adopt

the map and fare table contained in the application as part of this section. This action shall not be required if the application is solely for additional permits to be used in a service already described in this section. Maps and fare tables adopted by the common council can be found in the common council proceedings and the official record on file in the city clerk's office.

c. Zone Fare Taxicab Regulations.

c-1. No person shall offer a zone fare taxicab for hire outside of the service area adopted by the common council for that taxicab. No driver of a zone fare taxicab may take any passenger from a place within the zone fare taxicab's service area as adopted by the common council to a place outside the service area.

c-2. Every person operating a zone fare taxicab shall conspicuously place in the taxicab interior a zone map which correctly reproduces the zone map adopted by the common council for the zone fare taxicab and on which each zone is delineated in sufficient size and clarity as to be visible from the passenger's seat, and a fare table which correctly shows the rates of fare adopted by the common council for the zone fare taxicab, which is of sufficient size and clarity as to be easily read by the passenger, and from which the passenger may calculate the trip fare.

d. Taximeter Prohibited. Vehicles issued a zone fare taxicab permit under this section shall not operate under the zone fare taxicab permit any taxicab equipped with a taximeter unless the taximeter is used as an instrument upon which the charge for hire is indicated by zones.

5. OTHER PUBLIC PASSENGER VEHICLE RATES. Maximum rates for other vehicles including those permitted for handicapped and elderly, as horse and surrey, luxury limousine, pedicab, motorcycle used for tours, motorcycle with sidecar used for tours or shuttle vehicle may be established by adoption of such rates by the common council.

100-53. Financial Responsibility.

1. REQUIRED. No person may operate or obtain a permit to operate a public passenger vehicle unless the person has given to the city and there is in full force and effect at all times while the person is driving or operating a public passenger vehicle, on file with the city clerk, one of the following:

a. Surety Bond. A bond of the owner of a vehicle with a responsible surety

Public Passenger Vehicle Regulations 100-53-2

company or association authorized to do business under the laws of the state of Wisconsin in the sum of \$100,000 conditioned that the owner of the vehicle for which a license has been applied will pay any final judgment rendered against the owner of the vehicle within the limits provided, irrespective of the financial responsibility or any act or omission of the vehicle owner for loss or damages that may result to any person or property from the negligent operation or defective condition or construction of the vehicle or which may arise or result from any violations of this chapter or the laws of the state of Wisconsin. The recovery upon the bond shall be limited to \$50,000 for the injury or death of one person, and to the extent of \$100,000 for the death or injury of 2 or more persons injured or killed in the same accident and to the extent of \$10,000 for the injury or destruction of property. Such bond shall be given to the city and shall inure to the benefit of any persons suffering loss or damage either to person or property as provided, and suit may be brought in any court of competent jurisdiction upon the bond by any person suffering any loss or damage. Such bond shall be approved by the city attorney as to form and execution and shall be a continual liability notwithstanding any recovery thereon.

b. Insurance Policy. A policy of insurance in a company authorized to do business in the state of Wisconsin insuring the owner of the vehicle against loss or damage that may result to any person or property from the operation or defective condition of the vehicle. The policy limits shall be \$50,000 for any one person injured or killed, and subject to such limit for each person, and a total liability of \$100,000 in case of one accident resulting in bodily injury or death to more than one person. Uninsured motorist coverage with limits comparable to the respective liability limits for the vehicle shall be provided. The policy of insurance must also provide insurance to the extent of \$10,000 for the injury or destruction of any property of either parties. The policy shall guarantee payment of any final judgment rendered against the owner, operator or driver within the limits provided irrespective of the financial responsibility or any act or omission of the owner. If at any time the policy is canceled by the issuing company, or the authority of the issuing company to do business in the state of Wisconsin is revoked,

the city clerk shall require the party to whom the permit is issued to replace the policy with another satisfactory to the city attorney and, in default thereof, the permit may be revoked. Each and any of such bonds or policies shall, however, cover loss or damage by any vehicle operated by any such person to the same extent as in this section set forth. Such bonds shall be continuing liabilities notwithstanding recovery thereon and such policies of insurance shall always remain in force. Provided, further, in lieu of the \$10,000 insurance policy covering property damage, any permittee person may file bond in the sum of \$10,000. The filing of a certificate of insurance, in lieu of a policy, shall be deemed to be in compliance with this section. Affidavits of no interest shall not be required for taxicab insurance policies obtained through the Wisconsin automobile insurance plan.

c. Deposit in Escrow. In lieu of the liability and property damage bonds or insurance policies in par. a or b, any person owning a public passenger vehicle may deposit the sum of \$100,000 or its equivalent in negotiable direct obligations of the United States government, the county of Milwaukee, or the city of Milwaukee to cover liability to others for each. Such cash sum or its equivalent in direct obligations shall be deposited in escrow with the city clerk under an escrow agreement to be approved of by the city attorney. The terms of the agreement shall be that the money or direct obligations of the United States government, the county of Milwaukee, or the city of Milwaukee deposited shall be applied in payment of any final judgment rendered against such person arising out of injury to person or property due to the operation of such vehicles. Such cash sum or its equivalent shall at all times be maintained at the amounts required, and in case such fund is not maintained, or it is depleted for any purpose whatsoever, or the money or its equivalent in such direct obligations withdrawn, the license to operate such vehicle shall be revoked.

d. Self-insured. A certificate of self-insurance evidencing the ability to pay judgments to the limits stated in this subsection issued by the Wisconsin secretary of transportation.

2. NOTICE OF CANCELLATION.

a. The surety bond, direct obligations or insurance policy required by this

100-53-3 Public Passenger Vehicle Regulations

section shall be deposited with the city clerk before a permit shall be issued, and shall contain a clause by which the person issuing the bond or policy, or the secretary of state issuing the certificate of self-insurance shall be required to notify the city clerk and by registered mail or by personal service of the cancellation of the bond or policy. The notice of cancellation shall be received by the city clerk at least 30 days prior to the effective date of cancellation of the surety bond or insurance policy of any permittee, otherwise the bond or policy shall remain in full force and effect. If the vehicle owner fails within the period specified in the notice of cancellation to provide new surety bonds, direct obligations, insurance policies, or cash sufficient to comply with the requirements of this section, the permit issued for the taxicab affected by the cancellation shall be returned to the city clerk no later than 9 a.m. on the day the bond or policy ceases to be in effect. If the permit is not returned to the city clerk's office by the specified time, the permit will be automatically suspended by 9 a.m. on the day the bond or policy ceases to be in effect. The permit will be reinstated upon presentation of documentation evidencing insurance coverage required in this section by operation of law.

b. If the vehicle owner fails to present within 45 days of the date the permit was suspended under this section documentation evidencing insurance coverage required in this section by operation of law, the city clerk shall issue a summons as described under s. 100-54-6-c demanding that the vehicle owner appear before the licensing committee to show cause why the permit should not be revoked.

3. **BOND APPROVAL.** a. This section does not prevent any person operating a public passenger vehicle from providing any combination of cash, surety bonds, direct obligations and insurance policies which will provide financial responsibilities to carry out the intents and purposes of this section. However, any combination of cash, surety bonds, direct obligations and insurance policies must be approved as to form, execution, contents and amounts of security by the city attorney and city clerk, and no combination of cash, surety bonds, direct obligations and insurance policies shall be approved unless the total limit of

security equals the limits of security specifically provided in this section.

b. All surety bonds and insurance policies, as nearly as practicable, shall be written for a term of at least one year.

4. **EXCESS LIABILITY.** Insofar as the requirements for excess liability insurance coverage are concerned, if any person owning a public passenger vehicle is unable to obtain a policy of excess liability insurance in a company licensed to do business in the state of Wisconsin, then such person may procure a policy of excess liability insurance in an insurance company not licensed to do business in the state of Wisconsin. Such company, however, shall be approved as to financial responsibility by the city clerk and the city attorney.

5. **DRIVER TO BE COVERED.** All surety bonds or policies of insurance in compliance with this section shall contain an omnibus coverage clause by which all provisions of the surety bond or insurance policy shall inure to the benefit of and cover all drivers of the named assured's public passenger vehicle regardless of the type of operation and regardless of any arrangement for the operation of the vehicle existing between the owner and the driver, whether such arrangement is that of principal agent, employer-employee, bailor-bailee, renter-tenant, or any other type of relationship.

6. **HANDICAPPED-ELDERLY DRIVER.** All surety bonds, deposits or insurance for persons transporting handicapped or elderly persons shall cover such persons transported from the time the driver or other employee of the permittee assumes control over the persons. Such liability shall continue until the driver or other employee of the permittee or owner relinquishes control over the handicapped or elderly person.

7. **NO OBLIGATION ON PART OF CITY.** The city in requiring surety bonds, insurance policies or escrow deposits makes no representations or commitments whatsoever as to the sufficiency or adequacy with respect thereto and assumes no obligations to the public by virtue of having required the forgoing to be submitted and filed with the city.
