

April 8, 2008

To the Honorable, the Common Council

Subject: 2008 Highway Safety Improvement Program  
West Silver Spring Drive and North Teutonia Avenue

Dear Council Members:

The 2008 Capital Improvement Program includes the installation of traffic control signal improvements at the subject intersection. The federal cost participation for the improvement of traffic control devices at this location will be provided in conjunction with the Highway Safety Improvement Program (HSIP).

The total estimated cost of the project is \$75,410.59. Ninety percent of the total cost, or \$67,869.53, will be funded under the HSIP through the Wisconsin Department of Transportation (WISDOT). The local share, or \$7,541.06, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes the Commissioner of Public Works and Comptroller to execute a Local Force Account (LFA) – Local contract with WISDOT that allows City forces to install traffic control signal improvements under the 2008 HSIP at the intersection of West Silver Spring Drive and North Teutonia Avenue in the 1<sup>st</sup> Aldermanic District.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Jeffrey J. Mantes  
Commissioner of Public Works
