Kristin,

I apologize, the intent of this email was to ask that you share this request with the members of the City Service Commission and make it part of the file.

**Subject:** CSC File 232008 - Eliminating residency requirement for emergency City workers

Good afternoon,

Ald. Dimitrijevic recently became aware a request to remove the emergency designation, and thus the residency requirement, from all titles currently designated “emergency” in the Rules of the City Service Commission.

She asks that the Department of Public Works provide her with more information about how it determined that the residency requirement was not necessary to ensure an appropriate response to events, and more specifically, how it determined that this change, especially as applied to snow and ice control personnel, would not have a negative impact on the safety of City residents and drivers on City streets.

Thank you, and any questions,

**Dana J. Zelazny**
