

January 23, 2006

To the Honorable, the Common Council

Subject: 2006 Capital Improvements Program
Infrastructure Services Division
Federal/State Aid Project
South 11th Street from
West Windlake Avenue to West Bruce Street

Dear Council Members:

The 2006 Capital Improvements Program includes the improvement of South 11th Street from West Windlake Avenue to West Bruce Street under the Surface Transportation Program. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

Eighty percent of the total cost will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, \$18,810.24, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes and directs the Commissioner of Public Works to execute a Local Forces Account – Local contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement of South 11th Street from West Windlake Avenue to West Bruce Street in the 12th Aldermanic District.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
