

April 4, 2005

To the Honorable, the Common Council

Dear Council Members:

The Wisconsin Department of Transportation is planning to reconstruct the Marquette Interchange. The plans for this reconstruction require the relocation of City of Milwaukee storm sewers due to proposed bridge pier locations.

The attached resolution authorizes the proper City Officers to execute Sewer Easement SE-2761 between the City of Milwaukee and WE Energies. The easement is necessary for the construction and maintenance of the storm sewer.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, PE
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
