Subject: No data center!!

Some people who received this message don't often get email from eorth1@gmail.com. [Learn why this is important](#)

To whom it may concern,

I'm reaching out in regards to the data center plans for 60th & Capitol area, as I will not be able to attend the public hearing (very inconveniently scheduled during a time that most people are at work). There are many reasons to say no to a data center in our town!

- They emit forever chemicals that will cause long term bodily harm to local citizens
- They destroy the environment with these same chemical emissions
- They provide little to no long term jobs
- They pass along energy costs to the community, when utility bills are already out of control

Say no to data centers!!
