Zoning, Neighborhoods and Development Committee
Milwaukee Common Council

Honorable Members,

Please be advised that, on June 15, 2026, the Zoning Code Technical Committee met to review Common Council File Number 260142, a substitute ordinance relating to the building of data centers. The Committee unanimously approved a motion finding that the proposed ordinance meets the Committee's three review criteria: legality and enforceability, administrative efficiency, and consistency with the format of the zoning code.

Sincerely,

Kathleen Brengosz
