5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

The owner of this single family home is proposing to replace the existing attached garage with a new attached garage that is designed to be in keeping with the scale, massing, and historical character of the existing home and complementary to the architecture in the surrounding district.

The materials and design of the new garage are intended to match the existing home. Items that are to match the existing house include:

- New brick and mortar color, size, and texture
- Brick and cut stone accents and details
- The two new dormers' materials and detailing and double-hung windows
- Roof eaves and soffit details
- New dimensional asphalt shingle roofing
- New painted wood fascia board
- New prefinished aluminum gutter, color & style
- Decorative wood rafter tails

The new overhead sectional garage door and overhead sectional utility door will be composite overlay doors. The new swing door will be a glass and fiberglass door.

Please refer to the attached drawing set, which further describes intended materials, design, and dimensions.

The anticipated dates of construction are July 2025 (construction start) through October 2025 (construction completion).
