Jim,

CCFN 251837 is legal and enforceable. Assuming there are no amendments presented on this file at ZND's meeting tomorrow, it is cleared to proceed to the Common Council for approval on Tuesday.

Thank you.

Good Morning,

As a matter of prudence, I am forwarding CCFN 251837 to your office prospectively, under the expectation that it will be recommended for passage at Friday's Zoning, Neighborhoods, and Development Committee meeting.

I would also ask after CCFN 251617 which was held by your office last cycle for further review.

As ever, your assistance is appreciated.

Jim
