Dear Milwaukee Common Council Members,

My name is Eva Welch and I am one of the Founding Executive Co-Directors of Street Angels Inc. I am writing to you today in hopes that Street Angels Inc. can be added as an unaffiliated agency to the City of Milwaukee Giving Campaign.

Street Angels was established in 2016 to assist our neighbors without homes in the Greater Milwaukee Area. Our small staff and army of volunteers make it possible for our team to travel throughout the county three nights per week via two outreach buses. While the short-term goal of the program is to make sure that people are warm and fed, the long-term goal is to cultivate relationships, earn trust, and assist people in connecting to the resources that can help them get off of the streets.

Currently we are connecting with an average of 120 individuals per outreach evening. In 2021, our small team served over 13,500 meals on the streets of Milwaukee and connected with 589 unique individuals who were experiencing homelessness. Since July of 2018, we have also been able to assist 378 individuals in connecting to permanent housing resources.

We are 100% community funded through private donors, philanthropic grants, community fundraising and corporate sponsorships. Becoming a part of the City of Milwaukee Giving Campaign could be very beneficial to our organization and those that we serve in our community.

For your review, I have attached a copy of our 501(c)3 IRS determination letter. Please let me know if anything further is required or if you have any questions. Thank you in advance for your consideration in this matter. We look forward to hearing back from you.

Gratefully,
Eva Welch
