Milwaukee, WI 53202

RE: "Title Only" Grant
Resolutions

Dear Mr. Zielinski:

This is to provide you with background information on the grant resolutions that the Health Department would like to be introduced:

Fetal Infant Mortality Review (FIMR) Grant - The resolution will approve the application, funding and expenditure for this grant. This grant will resume the interdisciplinary review of infant deaths (and some fetal deaths) occurring in the City of Milwaukee to identify opportunities to reduce infant mortality and support families at risk.

Milwaukee Comprehensive Home Visiting Program - The resolution will approve the application, funding and expenditure for this grant. This grant will serve 700 families in need of services in a 6 zip code target area related to 1) improving pregnancy outcomes, 2) enhancing family functions, 3) preventing child abuse and neglect and 4) assuring child readiness for school.

Lease Agreement with Benedict Center to operate the Southside Community Justice Center at the Johnston Community Health Center - This resolution will approve the lease agreement between the City of Milwaukee Health Department and Benedict Center for purpose of operating the Southside Community Justice Center at the Johnston Community Health Center. The Southside Community Justice Center will serve men, women and youth, most with criminal backgrounds either trying to stay out of prison or just returning from prison.

As always, thank you for your consideration of these "title only" resolutions. The files will be filled as soon as possible.

Sincerely,

Yvette M. Rowe
Business Operations Manager-Health
