**Subject:** Virtual attendance at 2/17/2025 CPC meeting and a few requests

Hello,

Thank you for the notice regarding the upcoming meeting on the proposed 2560 N Stowell building. Please email me a link to attend the meeting online.

I would also like to have these provided / addressed by the commission at the meeting or beforehand via email.

1. provision of a more detailed sun / shadow (of new building) impact report for my 2nd level apartment located on Stowell immediately west of the proposed building, at what would be approximately 2567 N Stowell.
2. precise locations of the outdoor signage of the building
3. precise location of the parking garage entrances of the building.

Thanks very much for your help.
