

Grant Award Summary

2017 FBI Child Exploitation Taskforce Equipment Grant

Grant Type: New Grant– One time

Grantor: Federal Bureau of Investigation (FBI)

Grant Period: June 19, 2017 to September 15, 2017

Award Amount: \$23,645

Match Required: N/A

Fiscal Agent: Milwaukee Police Department

MPD Sub-Awardee: N/A

Allocation Purpose: To purchase equipment for use in investigation by the Child Exploitation Task Force (CETF).

Partners: N/A

Research & Evaluation: CETF will produce equipment and asset management/inventory records for audit/inspection at the request of the DOJ and FBI.

Program Goals

The Milwaukee Police Department will purchase the following equipment: CTECH Cop box secure Storage, Lights and sirens, IT-Laptop, Cellebrite UFED 4PC (forensics), Steiner T42 Binoculars, and Bushnell Night Vision Binoculars. MPD will be responsible for recording and tracking equipment within MPD through an inventory system for audit inspection at the request of the DOJ and FBI. This equipment will aid in investigations regarding child CETF abductions, non-ransom, domestic, and international parental kidnapping, sexual exploitation related to domestic child prostitution and online network enterprises, possession, distribution, and trafficking of child pornography.

Programmatic Summary

Milwaukee Police Department asset management processes and procedures will track equipment by make, model, serial number (if applicable) description/classification, location, responsible user, and the CETF use of equipment. MPD will perform an annual inventory of all equipment purchased under the Memorandum of Understanding Amendment (MOA), dated June 19, 2017, to ensure asset management data is current, accurate, and complete and to ensure equipment use is solely for task force purposes. The CETF will produce equipment and asset management/inventory records for audit/inspection at the request of the DOJ and FBI.
