RE: Resolution relating to expenditures of funds to be reimbursed by greater than anticipated revenue

Dear Council Members:

On February 29, 2008, AT&T Wisconsin was granted a franchise under the new state statute regulating video services programming. The statute required AT&T to make a one-time payment to the City of Milwaukee for the support of our public, educational and governmental access (PEG) channels. Pursuant to the statute, the city has received a check for \$174,089 from AT&T for this purpose.

The attached resolution authorizes the City Clerk, upon the recognition of the revenue from AT&T, to provide two-thirds of the funds to MATA Community Media, the city's public access manager for support of the public and educational channels and one-third of the funds for support of the city government channel.

Respectfully submitted,

Ronald D. Leonhardt, City Clerk
