November 19, 2003

Mr. Tony Zielinski
Common Council Administration Manager
City Clerk's Office
City Hall, Room 205

Dear Mr. Zielinski:

The Health Department is submitting the following grant resolutions for Common Council approval:

Environmental Health Capacity Grant - This is continuation funding from the State of Wisconsin Department of Health and Family Services. The grant funds will be used to improve and advance environmental health capacity through local public health involvement in surveillance, data collection and development of appropriate outcome measurements associated with environmentally related disease.

MBCAP Outreach Grant - This is a new grant funded by the Susan G. Komen Foundation. The goal of this grant is to reduce mortality from breast cancer by increasing the number of low-income and under-served women 50 years of age and older that are routinely screened.

Women, Infants and Children's Grant - This is also a continuing grant funded by the State of Wisconsin Division of Health and Family Services. The purpose of the program is to prevent nutrition-related health problems and to improve the health status of low income, at-risk pregnant or breast feeding infants and children up to the age of five years. Changes to the Positions Ordinance are incorporated into the file.

All appropriate paperwork is attached. Thank you for your consideration.

Sincerely,

Janet Nell
Administrative Specialist-Sr.
