

November 21, 2001

Alderman Paul A. Henningsen  
4<sup>th</sup> Aldermanic District  
City Hall, Room 205

Dear Alderman Henningsen:

The Milwaukee Metropolitan Sewerage District has requested permission to cut into the pavement of West Clybourn Street near the intersections of North 14<sup>th</sup> and North 16<sup>th</sup> Streets in order to construct new manholes. West Clybourn Street in that area was recently reconstructed and the pavement is still under guarantee. Authorization allowing me to issue an excavation permit must be given by the Common Council.

As you can imagine, Milwaukee Metropolitan Sewerage District is anxious to begin this work before the weather conditions get too bad. I am requesting that you consider approving the file under suspension of the rules at the Council's November 27, 2001 meeting. This would allow for the expeditious construction of the manholes.

Thank you for your help on this matter. If you have any questions, feel free to contact Tom Miller at extension 3304.

Very truly yours,

Mariano A. Schifalacqua  
Commissioner of Public Works
