

Petition Villard Ave. BID#19 (Business Improvement District)

BID #19 has made every effort to help the businesses on Villard Avenue. We have assisted new businesses and continue to help in getting occupancy, zoning permits and licensing in the area. We have also on occasion attended hearings before the Zoning Board with business owners. We have established a new economic development committee and have met with prospective businesses to bring these businesses into the area. In addition we are looking at financial opportunities for our existing businesses which includes available loans and grants. We have sponsored and will continue to sponsor workshops providing business training for existing businesses; informational sessions on how to improve/get façade grants, and numerous other things of interest to the business community. We also hold monthly meetings.

We have included the businesses on Villard Avenue in our annual Villard Avenue Day Festival (which was held recently on, Saturday, August 8th, our annual Holiday Gala, and the annual Tree Lighting Ceremony.

~~We welcome your participation, suggestions and support. We are also requesting your support to join us by signing this petition to clear up loitering, panhandling, and drugs in the area.~~
