Reprogramming

Dear Glen:

We thank you for all your effort and time on this matter of considering us for funding, but we feel that it would be in the best interest of our organization to withdraw our grant application.

We feel that we have given your organization all the information that you requested in a timely matter, and now to learn 3 months later that we must resubmit another application under the name of New Jerusalem Evangelistic Temple, because of our 501 (c) (3) status (even though we were told we could use New Jerusalem Evangelistic Temple's status in the beginning) is highly irregular.

We are, therefore, withdrawing our grant proposal to your organization at this time to concentrate our efforts on obtaining our own 501 (c) (3) status.

Once again, thank you.

May God bless you and keep you,

Darlene Evans
Secretary of SWEET, Inc.

RE: Acct. # CD7125050029

Dear Apostle King:

After several attempts by our office (CBGA) to assist New Jerusalem with the City of Milwaukee's contract process, to date your organization has still not been able to execute a contract. As per your written request and because contract execution is well beyond the 90-day time-line previously set by the Community Development Committee, CBGA will recommend that your award of \$50,000, which was awarded to your organization and approved by the Common Council on June 3, 2003, be rescinded.

If you have any questions, please call Program Officer, Glen Mattsion at 286-3760.

Sincerely,

Steven L. Mahan
Block Grant Director
