President

I appreciate your memorializing of our conversation, however some correction is needed. You did not inform me that I would be replacing you on the Judiciary and Legislative Committee. At the time we spoke, I had no knowledge of which position you held, if any. Historically, the Council President has not held a position, especially a vice chair, while there is a full Council. I found out that you were not only on the committee, but also the Vice Chair, when you released the assignments on Friday.

I acknowledge that you stated in six months you intended to reconfigure committees and I would be assigned to JudLeg at that time.

In Truth and Service,

Ald. Pratt

Alderwoman

This legislative cycle I've made it a practice to memorialize important conversations that I have with council members regarding pending, current and future committee appointments. That said, this is a quick note acknowledging our conversation on Friday in which I informed you of my intention of having you replace me on the Judiciary and Legislative Committee within 6 months. This would be in addition to your current committee assignment. Please contact me if you have any questions.

Respectfully,

Ald. Perez
