## ★ CONFERENCE HIGHLIGHTS

### ► **Leadership and Professional Development Seminars**

The NALEO Annual Conference is a unique source of professional development specifically tailored for Latino elected and appointed officials. Sessions at the Conference are designed to enhance the governance skills of the growing number of Latino policymakers serving the nation at all levels of elected and appointed office.

### ► **In-depth Discussions on Key Public Policy Issues Facing our Community and the Nation**

The NALEO Annual Conference provides elected officials critical information on issues affecting the Latino community and the country, including education, health, economic development, and civic participation. As participants deepen their understanding of critical policy issues, they are able to become better policymakers and public servants who translate their knowledge into strategies for building stronger, healthier, and sustainable communities.

### ► **Meaningful and Personal Access for Local and State Officials**

Offering an unparalleled opportunity for education policymakers, municipal, county, and state officials, the NALEO Annual Conference provides direct access to our nation's top executive and legislative leaders. Past participants have included the Vice President, Cabinet secretaries, agency leaders, other key appointed officials, U.S. House and Senate leaders, Democratic and Republican Party leaders, and many of our nation's corporate, business, and community leaders. With the opportunity to network with colleagues from across the country and across jurisdictions, NALEO Conference participants are able to leverage resources for their communities across different levels of government.
