RONALD D. LEONHARDT
CITY CLERK

RE: Ashley Potter
C.I. File No: 06-S-147

Grant Langley / Robert Overholt

This letter is to inform you that I would like to request a hearing to resolve the matter of the damage to my car due to the manhole cover being open on North Water Street. I have photographs that show the manhole open and witness that will testify. This route is not a route that I normally travel, therefore I would not have been in a position to report or have any knowledge of the manhole cover being open, due to the weather conditions visibility was limited to avoid such and incident.

I can be available after July 8, 2006, due to being out of the country.
Please contact me by phone at 765-714-1649 or the following address:

City Clerk
ATTN: CLAIMS
200 E. Wells St., Room 205
Milwaukee, WI 53202-3567

Dear City Clerk:

I am filing a claim against the City of Milwaukee for reimbursement for the damages done to my vehicle after a recent accident.

The accident happened on Thursday April 6, 2006 at approximately 2 a.m. on Water Street in between the intersections of Humboldt Street and East Brady Street. It was dark out and raining very hard that morning when I was driving southwest on Water Street on my way home. Because of the weather conditions it was difficult to see so I was driving slowly, but that still did not prevent my accident.

The accident occurred because there was a manhole cover that had been moved completely off of the top of the manhole. I am not sure why the cover would be displaced, but it was sitting on the ground next to the manhole. The manhole is located directly in the path of cars traveling southbound on Water Street so anyone traveling in that direction could have hit it.

When I drove over the manhole the rear tire on the passenger side of my vehicle popped and the rim was damaged to the point of uselessness. I had to replace both items to restore my vehicle to a drivable condition. The side quarter panel of the car and the door were also damaged, and I got estimates for the cost of their repair. I personally purchased the tire and rim so that I could continue to drive my vehicle. But the side panel and door have yet to be repaired. I feel that the City of Milwaukee should reimburse me for the purchase of the tire and rim, and supply me with funding to fix the remainder of the damage since it is a city responsibility to take care of the manholes and their covers to ensure the safety of citizens.

With this claim I have included pictures of the damages to my vehicle and the condition of the manhole the morning of the accident as well as copies of itemized receipts from the purchase of the new tire and rim and two estimates of the remaining damage. I am seeking full reimbursement for these items.

Thank you,

Ashley Potter
