EXPERIENCE

COA Goldin Center, Milwaukee, Wisconsin — Youth Worker

June 2017- August 2017

I worked as a server to provide free food to members in the community where I gained exceptional people skills and the ability to communicate with those different and alike.

Girl Scouts, Milwaukee, Wisconsin — Youth Worker

June 2018 - August 2018

I worked and aided senior advisors with a Girl Scouts program called 'Code Girl' and 'Girls of Summer'. During this time I gathered information on how to deal and interact with kids. I was also able to work in an office setting, which I helped organize and keep in order.

Hiring and Staff Services , Madison, Wisconsin — Youth Inspector

November 2019- Present

I currently work as an inspector for the FDA to see if store clerks and owners will sell tobacco to minors. Our goal is not to get a sell, but when a coworker and I do, we fill out minor reports to describe the incident. This job has allowed me to be inconspicuous in stores and be friendly to those I do not know.

EDUCATION

Whitefish Bay High School, Whitefish Bay, Wisconsin — completion of my junior year

September 2016- Present

I am learning a rigorous curriculum, where my cumulative GPA is a 3.2.

PROJECTS

SKILLS

Exceptional people skills.

Able to work in groups.

Open minded.

Very articulate and passionate about social justice issues.

LANGUAGES

Basic Spanish, Spanish 3

The Mix — Diversity Group

The Mix is a group that talks about how race interferes and interacts with life in and outside of Whitefish Bay High School. The Mix has provided an outlet for those like myself who want to speak out for more racial attention in our schools and community. Through this group, which I'll lead next year, I was able to speak on the struggles of being a young female while black at our diversity assembly.
