April 7, 2014

Ald. Robert Bauman
Chair, Common Council Public Works Committee
City Hall, Room 205

Dear Ald. Bauman:

Common Council file #121508 requires the Department of City Development to “coordinate and report semiannually the status of all lease agreements entered into as landlord by the City and its affiliated departments and agencies, except lease agreements relating to one-to 4-unit residential properties acquired by the City through the in rem tax foreclosure process.” The attached information is submitted in accordance with that file.

Five City departments are currently managing leases in which private parties are leasing City-owned property. These departments are:

- 1) Dept. of City Development
- 2) Dept. of Administration, Information Technology Management Division
- 3) Milwaukee Public Library
- 4) Dept. of Public Works
- 5) Port of Milwaukee

Sincerely,

Martha L. Brown
Deputy Commissioner
