Assumptions used in arriving at fiscal estimate.

See speed reply. Based on 2015 actual experience, 347 city-owned properties would have required lead service line replacement at an estimated cost of \$1.25 million. The Milwaukee Water Works would have had to replace its portion of the same number of LSLs at an estimated cost of \$2.1 million. Additional operating costs of \$47,500 are also estimated to have occurred, affecting the operating budget.
