

April 3, 2002

To the Public Improvements Committee

Dear Honorable Members:

On October 18, 2001, the City's Common Council, via Common Council Resolution File No. 001849, had resolved that the appropriate City officials were authorized to negotiate with firms interested in making use of the City's infrastructure for the purpose of providing broad band access to areas within the City of Milwaukee.

The City has received a request from CityNet for access to and a license to use portions of the City's sewer system, including sanitary, storm, and combined sewers, for the purpose of installing, maintaining, operating, and licensing to third parties broad band access to areas within the City of Milwaukee. Therefore, we have prepared the attached substitute resolution approving an Access and License Agreement between the City of Milwaukee and CityNet Telecommunications, Inc., and authorizing the proper City officer to execute the said agreement.

We recommend adoption of this substitute resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Mariano A. Schifalacqua
Commissioner of Public Works
