Honorable Khalif J. Rainey  
Alderman, 7th Aldermanic District  
Room 205, City Hall

SUBJECT: 7TH ALD. DIST. - FILE #170364  
INSTALL STOP SIGNS ON NORTH 40th STREET  
AT WEST MARION STREET

Dear Alderman Rainey:

This is in response to a request we received from a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southwest corner of the intersection in the form of a bush that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Sincerely,

Jeffrey S. Polenske, P.E.  
City Engineer

INSTALL STOP SIGNS ON WEST HOLT AVENUE  
AT SOUTH 83RD STREET

REMOVE YIELD SIGNS ON WEST HOLT AVENUE  
AT SOUTHR 83RD STREET

Dear Alderman Borkowski:

This is in response to a request we received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the northeast corner of the intersection in the form of a bush that would warrant the need to change the present yield control to a stop control.

We therefore, in the interest of public safety, recommend the installation of the above-captioned traffic control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Sincerely,

Jeffrey S. Polenske, P.E.

REMOVE YIELD SIGNS ON NORTH 36TH STREET  
AT WEST ROHR AVENUE

Dear Alderman Hamilton:

This is in response to a request we received from a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction exists on the southeast corner of the intersection in the form of a bush that would warrant the need to change the present yield control to a stop control.

We therefore, in the interest of public safety, recommend the installation of the above-captioned traffic control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.
