Oct 21, 2013

On July 23, 2013 at 2628 N 24 Pl.
at about 4:20 pm. Milw, police officers
struggled with a young man, trying to get
him into a police car. The Police car was
parked on the street, next to my car (a 2012 Red
Toyota Camry). As the officers struggled ^{with} the male
subject, they held him against my car. I asked
if I could move my car, as I did not want
it to get damaged because it was a new
car. I was told to stay back from the car.
After the subject was put into the police
car, he got out the police car and again there
was a struggle with the subject being pushed
up against my car. After the young man
was put into the police car again, I went out to
check my car. I asked the officers to wait while
I did this. I was told to have ~~the~~ the Captain
to come over and check my car.

He took pictures of the scratches on the driver side door. I told him there was a scratch on the driver side rear door also. When I checked the damage report I saw he did not include it. Both were damaged I have included 2 estimates for these damages. I am asking for 1,024.74 in order to have damages fix at Andrew Toyota.

I can be reached at 262-945-9556

Thank you,
