

Dear Robert M. Overholt,

RE: CI File 04-S-192

I'm writing to appeal my case. I have witnesses that seen the car before it got towed and they say the damages that I sent in to were not there before the car was towed. The car was not illegally parked it was in my cousin's back yard on their parking strip on the side of the garage. The car was never abandoned it was getting some work done under the hood. Like I told the people at the tow lot when I came to pick up the vehicle the only damage the car should have had was one flat tire. When I got there two tires were off the rim and another tire was all tore apart. When they took it out of the city's tow lot even the driver said that the car was dragged. I don't understand how you could say that the tow truck didn't do these damages to my car. Maybe we really need to talk in person because I'm not understanding this decision. My Home number is 873-5926 or 628-0045.

Sincerely,

Camisha Clark

To whom it may concern. CITY ATTORNEY

ON the morning of Feb 13, 2004 my 1976 PONTIAC CADALINA WAS TOWED from behind my cousin residents ON their parking slot in the YARD, ON 3235 N 45th street. It was towed without any notice to me or my cousin. ~~before~~ Before the car was towed one tire had a slow leak. After the towed the car the front end of the car was cracked two tires were on a flat. One tire off the rim. One of the tail pipes was bent up because they dragged the car to the tow lot instead of putting it on the flat bed. Also there are now holes in the gas line. I also had to pay to get it towed from the tow lot to my home. My expenses are as follows:

- to get it out the tow lot I paid \$120 because I had to leave for an extra day because I didn't know that they damaged the car, I had to pay \$20 for two rims \$50 for two tires. Damage ~~to~~ from the front end will cost \$496.00

Thank you

Carusha Clark
