Greater Galilee Community Development Corporation is a nonprofit organization providing programs and services in the Greater Milwaukee Community, in zip code 53206. GGDC is housed at Greater Galilee Baptist Church, one of the oldest African American congregations in Milwaukee. GGBC has provided some solutions to the critical needs of central city residents for more than ninety-six years, by helping at-risk families within a framework of Christian ministries. For example, our Saturday Hot Meal Program feeds approximately 1,200 persons a month over the last 40 years. The connection to the existing church will be essential in transporting food services from the full – service kitchen in the church to the new community center.

Our proposed state-of-the-art center offers a daytime program full of recreational activities, social services, and meals in a safe, caring and attentive environment. Providing Senior Adult Day Services including Alzheimer's/Dementia Day Services with appropriate facilities to accommodate a variety of wellness based programs addressing community-based health and educational services for children, youth and seniors addressing the spiritual, psychological, social, and physical needs of all participants.”

If you have any further questions, please advise.
