To the Public Improvements Committee

Subject: Common Council Resolution File Number 030913

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 030913, being a request for an amendment to a special privilege granted to Water Street Investment, LLC for use of the public rights-of-way to install/place several amenities abutting the building at 789 North Water Street.

The existing special privilege resolution, Common Council Resolution File Number 030230, adopted on July 31, 2003, granted permission to Water Street Investment, LLC to keep and maintain two metal tree grates, 13 uprights on harp poles and movable planters in the public rights-of-way.

The current request is to receive permission to keep and maintain two additional movable planters in the public right-of-way of North Water Street that were not previously requested, although discussed, due to a communications error in the Petition. We have prepared the attached resolution, which, if adopted, would allow the installation/placement of these items within the public rights-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
