Attached is a set of drawings submitted by Deb Lindner, The Big Whale LLC, to the Department of City Development at the request of Zoning and Neighborhood Development Committee at its regularly scheduled September 19, 2006 meeting. The drawings are for a single-family home that is to be built on the new lot created by Certified Survey Map DCD #2574.

Also attached is a copy of the front elevation showing changes that are recommended by the Department of City Development. DCD has contacted and will work with the owner on design issues including building materials, raised foundation, location and proportion of windows, and porch railings.
