

MAYOR CAVALIER JOHNSON
CITY OF MILWAUKEE

July 3, 2025

Dear Common Council Members,

I am vetoing Council file number 250078, “A substitute ordinance relating to exceptions to alternate side night parking requirements.” After additional conversations with the Fourth District Alderman, we have agreed to reevaluate the scope of this ordinance.

Pursuant to MCO 101-27-3-b-1, the Commissioner of Public Works will perform an overnight survey within this aldermanic district, concentrating on the neighborhood(s) identified as being most impacted. I have directed the Department of Public Works to prioritize this overnight survey in order to promptly address the concerns that have been raised by the residents in this district.

Sustaining this veto will allow for a more focused approach to parking enforcement in this neighborhood. I appreciate the collaborative approach to addressing this issue.

Sincerely,

Mayor Cavalier Johnson
