Good Afternoon Alderwoman,

Attached are two reports per your request: (1) the breakdown of our positions at each work area, including supervisors; and (2) the racial demographics of our staff.

Please note, the breakdown of our positions **is not public information**, since it details our deployment breakdown. However, the Matrix report (very much public information upon completion) will highlight the supervisory breakdown. Also, as a reminder, sworn member hiring (and promotions) is conducted through the Fire & Police Commission. Civilian hiring, whether civil service or exempt, is through the department (and if civil service, with DER), subject to FPC approval.

Hopefully this satisfactorily addresses your questions. Please advise what, if anything, we can provide to answer any additional questions you may have.
