Dear Members of the Milwaukee Common Council,

We are writing on behalf of the union members of the Milwaukee Area Labor Council in appreciation of Chair Dimitrijevic's efforts to improve the compensation plan for general city workers. These City of Milwaukee employees perform many essential roles that benefit both residents and visitors to the community. Several years in a row of no or low raises have left their pay increase well below the cost of inflation. The worker testimony about hardship and second jobs during the budget hearings was certainly sobering information.

We understand budget challenges. A good compromise for workers and the City has been achieved. We hope we can count on your vote in favor of the 2-1-1 plan.

Sincerely,

A handwritten signature in cursive script that reads "Pam Fendt".
