Re: 2017 Miscellaneous Tariff Filings

6630-TE-2017

Notice of Change to Resale of Energy Section in Electric  
Rules and Regulations

Dear Mr. Eidukas:

This letter responds to your letter dated March 15, 2018, informing the Public Service Commission of Wisconsin (Commission) of the need to file updated Electric Rules and Regulations for Wisconsin Electric Power Company's (WEPCO) tariffs. This change would allow municipalities to resell electricity to qualifying telecommunications entities.

Commission staff reviewed the tariff change, as well as comments submitted by interested parties. As the revised tariff includes an expansion of service, it does not require further Commission action, so the effective date of the updated rules can be any date after the date of this letter.

As a reminder, please update WEPCO's tariff by inserting printed copies of the new tariff sheets into the current tariff books. Mark any old rates as "Superseded" and keep them permanently in a separate file pursuant to Wis. Admin. Code § PSC 113.0614. WEPCO's current rates and rules must be available for public inspection and review at all of WEPCO's bill payment stations pursuant to Wis. Admin. Code § PSC 113.0501(1).

If you have any questions, please contact Commission Rates Analyst Sam Shannon at (608) 267-9816 or at [sam.shannon@wisconsin.gov](mailto:sam.shannon@wisconsin.gov).

Sincerely,

Carrie Templeton  
Assistant Administrator  
Division of Energy Regulation
