I would like to obtain a COA for fencing that I installed, without a COA (or permit). The fencing was built in compliance to HPC requirements. The fencing is Wooden Dogged Eared Vertical Board. All fencing is located in the rear yard area, at a height of 6'-0".

Also the fence between my house, and the one to the north, was existing when we bought the house. However, I added some material to it, for additional privacy. The material is wooden lattice, and the resulting height is 7'-9". The actual fence is 6'-0" If this alteration is in compliance, with HPC requirements, I would like documentaion indicating this. If no acceptable changes can be made, to allow it to remain, I will remove it.
