

# Safe and Healthy Communities

## Lead Poisoning Prevention

Saturday, June 2, 2018

All Saints Family Care Center

2400 W Villard Ave, Milwaukee, WI 53209

10:00AM - 1:00PM

### Does your house have a lead secondary water pipe?

The Interactive and Informational Event will cover:

- Effects of lead on the body
- Lead in Paint
- Lead in Water
- Lead in Soil
- Eligibility for free water filters
- The role of good nutrition
- How landlords can get new windows at low cost

\*Bring picture of your faucet for help pairing with correct lead filter

What role does nutrition play?

Deteriorating lead-painted windows in a day care center

Left to right: A lead pipe, a corroded steel pipe, and a lead pipe with protective coating.
