

Certificate of Appropriateness

Milwaukee Historic Preservation Commission / 841 N Broadway, B1 / Milwaukee, WI 53202

hpc@milwaukee.gov / 414-286-5712 / 414-286-5722

Address

2457 N Grant Blvd

Property/District Name

Grant Blvd

Description of Work

Build pergola adjacent to garage in size of 10x12 in design similar to that shown. It will be freestanding and made of cedar. Height

In accordance with the provisions of Section 320-21 (11) and (12) of the Milwaukee Code of Ordinances, the Milwaukee Historic Preservation Commission has issued a certificate of appropriateness for the work listed above. The work was found to be consistent with preservation guidelines.

The following conditions apply to this certificate of appropriateness:

- Height must be no taller than the garage side wall.
- All finish wood must be smooth and free of knots and must be painted or treated with an opaque stain upon completion. Note: when new, bare wood is left exposed to the exterior elements for a period of only a week or two, the life of the paint job subsequently applied to it will be decreased. The use of decay-resistant wood is required for porch areas. Using western white pine or Ponderosa pine is "at your own risk" because this wood has no natural decay resistance and can deteriorate in some exterior settings in just a few years.

All work must be done in a craftsman-like manner. Staff must approve any changes or additions to this certificate before work begins.

Work that is not completed in accordance with this certificate may be subject to correction orders or citations.

Permits and timeline

You are responsible for determining if permits are required and obtaining them prior to commencing work. Consult the Development Center on the web or by telephone for details: www.milwaukee.gov/lms - (414) 286-8210. If permits are not required, work must be completed within one year of the date this certificate was issued. If permits are required, permits must be obtained within one year of the date this certificate was issued.
