Re: Common Council File No. 080218

Dear Ald. Murphy:

As requested in your March 10, 2009 letter regarding the referenced file, I have reviewed the proposed ordinance revisions contained therein as it relates to any fiscal impacts to the Infrastructure Services Division and offer the following comments.

Infrastructure Services Division staff is not directly involved in the implementation, enforcement or monitoring of the provisions of this ordinance and therefore, I anticipate no related fiscal impacts if adopted.

The DPW-Administration Section is charged with this responsibility for City construction contracts and Commissioner Mantes has submitted a separate letter to you with related comments.

Please do not hesitate to contact me if you have any further questions on this matter.

Very truly yours

Jeffrey S. Polenske, P.E.
City Engineer
