

Frank Dekan

Background and Overview

I joined Zilber Ltd. in 2004 and am currently the Senior Construction Manager. I'm responsible for pre-construction planning and construction execution for all aspects of industrial development and tenant improvements. With a focus on ensuring projects are delivered on time and within budget, I can handle intricate requirements and complex buildouts for heavy manufacturers and distribution clients alike. Prior to joining Zilber Property Group, I worked with Zilber Ltd.'s other subsidiaries, including Homes by Towne and KM Development, managing multifamily and commercial construction projects.
