I am writing concerning an upcoming City Charter School Review Committee agenda item #170703. On Thursday, September 27, 2018, the contract renewal for the Institute for the Transformation of Learning (ITL) will be up for discussion and possible action. I am requesting that the contract for ITL be placed on hold until there can be a thorough review for possible conflicts of interest.

Dr. Howard Fuller is the founder and Director of ITL. He is also the founder and Board Chair emeritus of Milwaukee Collegiate Academy. At the very least, this issue should be explored as there is an appearance of conflict of interest regarding oversight, evaluation, and funding opportunities that occur through ITL.

An ethics complaint is being filed on Thursday, September 27, 2018.
