Alderman Witkowski,

I am writing to let you know that I strongly support the Streetcar for the many (and I think compelling) reasons that have been well articulated in recent weeks. In addition, in many ways similar to the conversations you and I had a couple of years ago about historic preservation, I think that the Streetcar will make our City more attractive to the young professionals whom we need to attract and retain for Milwaukee to be successful in the future.

I also went to Tucson a few weeks ago and rode their new streetcar, which is still of modest length, and I was amazed at how attractive and comfortable it was. It was also packed, with some cars having standing room only. In addition (and especially telling for me, as a real estate lawyer), it seemed as if almost all of the buildings along the line were in the midst of some sort of redevelopment or refurbishment. It was very impressive.

I hope that you will support the Streetcar in Milwaukee as the debate continues, and I would be happy to discuss my support in detail, if you'd like.

Many thanks, and have a nice weekend. GO PACKERS!!

Mick
